Biggest Petroleum Event and Competition in Undip held by SPE Undip in collaboration with SRE Undip and IATMI SM Undip

- Successfully securing over 90 teams from more than 10 universities across Indonesia to participate in the event.
- Organizing and managing four competitions (up from one last year), with a total prize pool exceeding IDR 30 million.
- Increasing social media followers by over 1,000 (+30%) in just two months, achieving 154,000 views and over 1,500 interactions.
- Coordinating pre-event activities, including company visits and webinars, to engage participants and promote the event.

Society of Petroleum Engineers Undip Student Chapter - Semarang

Apr 2024 - May 2025

Director of Annual Event

SPE Undip SC is a non-profit organisation that gather students who are interested in petroleum related industry

- Planning and executing the biggest event held by SPE Undip SC
- Trained SPE UNDIP SC staff in project management by organizing sessions with speakers from Malaysia's National Oil and Gas Company
- Trained SPE UNDIP SC staff in human resource management by organizing sessions with speakers from Indonesia's National Oil and Gas Company.

Society of Petroleum Engineers Undip Student Chapter - Semarang

Feb 2023 - Apr 2024

Staff of Public Relation

SPE Undip SC is a non-profit organisation that gather students who are interested in petroleum related industry

- Project Manager of SPE Company Visit to Baker Hughes, Conducted short course for 30+ Undip students

Skills, Achievements & Other Experience

- Hard Skills** 🏆 (2025): SOLIDWORKS CAD Design Associate (CSWA)
- Mentoring** 🏆 (2024): SPE eMentoring program with Selami Sehsuvaroglu.
- Projects** (2024): Offshore Wind Farm Development Potential Study - Rote Island (Indonesia) - collaborative study with PLN
- Volunteer** (2024): Event Division Coordinator ODM FT : Planning and executing a orientation event for over 2,000 participants
- Achievements** (2024): Team Leader of Second Runner Up Team Geothermal Development Competition IPFest 2024
- Achievements** (2024): Team Leader of a Finalist Team on Geothermal Case Competition Derrick 2024
